AgES - HR - Automate, streamline, and extend your core HR processes

AgES answers Daunting Issues

Unable to track exact mobilization status for a selected candidate.

- *AgES provides the complete mobilization details for a candidate.*
- *Alert for every mobilization stage, informing ahead so that the next activity in pipeline can be planned & executed promptly.*

Inefficient management of Visa Quota.

- *Visa Quota updated by the system in all relevant activities e.g. Visa processing of an Employee, Visa Cancellation Process, etc.*
- *No. of Visas granted for a Visa Quota, the stages of different applications can be easily obtained.*

Communication problem in resource site transfer.

- *Notifications/ Alerts issued to appropriate in-charge and concerned Employee well ahead, ensures on-time execution of Site activities.*

Unable to track exact Employee utilization for a selected project.

- *Irregular Time Card Report provides the complete details of all Time Card entries with discrepancies*
- *Generates Project wise Manpower Utilization report, ensures Optimal Allocation and Utilization.*

AgES – ADMIN- For Efficient & Organized administration workflow

AgES resolves Major Glitches

The current Status of Employee's Visa Processing is mandatory.

- *Each Stage of Visa Processing is recorded for an Employee. The current status in the Visa processing for a given employee available.*
- *Appropriate Alert Messages provided before the next stage for preplanning*

Duplication/ Mismanagement in Visa Processing is a major concern.

- *System provides Employee Visa Processing History. The current status of the application and also the cost to the Company can be obtained at any point of time.*
- *No scope for redundant processing or mishandling in the process.*

All payments have to be monitored. Unaccounted Cash Flow is a major concern.

- *Allows creation of Bill Types and also the permitted limits for payment.*
- *Every Cash settlement is mapped to a Cash Request, so cash flow is accounted and monitored.*

Current location and purpose of retention of Employee Passport is mandatory.

- *Daily Reports provide the current location and status of the employee's passport.*

AgES - Tender, a comprehensive solution to many functional issues

Process of Tender details recording is a laborious one.

- *Maintains WBS common format for all work categories. Material cost and Manpower cost is stored for a unit of work in WBS.*
- *Reused for different Tenders, avoids redundant effort in every tender requisition.*

Difficult to find the Status of Tender.

- *Tender Status Report is available, provides complete information of the tender along with Status.*

Tender Bid Price optimization is a challenging task.

- *Summary of Bid Price by Work Category is provided. Aids optimization of price for each category*
- *Summary of Bid Price for a tender is available. This Provides a Bird's Eye View of the Tender Bid.*

Unable to maintain Tender history/Revision effectively.

- *Effectively maintains the Tender Revision history with cost & effort split for each revision, together with the reason for change.*

AgES - Contract, an absolute answer to Contract Management challenges

Progress invoice Duplication is a major concern.

- *Every WBS linked to Pipe Joining Control System & invoice generated accordingly. Eliminates Invoice Duplication.*
- *Application maintains Invoice Revision History.*

Unable to maintain Work Progress status Effectively.

- *Progress Measurement System maintains Milestone based payment details. Project Status Report gives the % of work completed and the reason for slippage in achieving Project milestones.*
- *Generates exact daily report using employee attendance*

Exact material consumption for a Project is not available.

- *System provides accurate Project Consumption Report with the help of Material Issued and Daily material consumption entry.*

Redundant effort to generate Contract from Tender.

- *Tender details that are relevant to Contract can be retained. Contract can be created quickly with necessary corrections once the tender is awarded.*

AgES - Materials, the complete Material Planning & Management Solution

AgES, a Step Ahead of Snag

No proper Purchase System/MR Workflow in place.

- *AgES Offers Streamlined Purchase Process i.e. Supplier identification, Quotation, PO generation and Invoice*
- *Analysis & Summary Reports at each stage - e.g. Delivery time analysis report provides Delivery TAT(Turn Around Time)*

Duplicate Purchase Invoice from supplier.

- *Application links every Purchase Invoice with Material Request (MR)*
- *On receipt of Invoice, the MR status is updated, this provides no scope for duplication of invoice from the supplier.*

Asset tracking & Asset expense maintenance is Vital yet a Laborious activity.

- *Current location of every Asset maintained in the application.*
- *Exact expense report of Asset furnished with help of all maintenance activities linked with MR.*

Unable to obtain Movable/Non Movable stock list.

- *Movable/Non Movable stock list is easily obtained from ABC analysis report*
- *Provides the closing Stock and value for all materials.*

AgES - Maintenance, an integrated solution for operational efficiency

AgES, Plans ahead of Pitfalls

Periodical preventive maintenance is a demanding task

- AgES Offers Streamlined Purchase Process i.e. Supplier identification, Quotation, PO generation and Invoice

Project wise / Device wise utilization & expense, a Vital information is difficult to derive.

- Provides Maintenance expense report Device wise and Project wise.

Evaluation of Device Performance is very crucial but quite challenging.

- Application provides reports for analysis of Device Performance
- BD% - provides the Breakdown period to Actual working Hrs. for any Device.
- Device History card - Provides the entire Device Maintenance History.

Evaluation of exact turn around time (TAT) is very crucial but a grueling task.

- Mean time to repair (MTTR) - The average time required to troubleshoot and repair failed equipment is provided by the system.
- System offers Device Plan Vs. Actual Plan Report, a comparative study
