# BRIEF INTRODUCTION

Agaram InfoTech has emerged as a name to be reckoned with amongst ERP providers in the market. Our innovative solutions encompass diverse business domains where ERP software solutions are customized to meet varied business requirements.

## WHO WE ARE

We are one amongst the best ERP software vendors in India, having a close-knitted team, working along with a wide array of clients both big and small. Our technological excellence is aptly supported with the right blend of experience and innovative thinking which propels us as a leader amongst ERP software companies.

## WHAT WE DO

We strive for excellence during ERP software development with the objective to convert complexity to simplicity. With vast knowledge and experience we offer superior software and hardware solutions across the globe.

## OUR MISSION

To extend optimized ERP software solutions to our clients, adding value to their business and thus enhancing the client's operational quality.

## WE LOVE OUR CLIENTS

We nurture long-lasting relationships with our clients irrespective of their geographical locations and cultural diversities. Respect for our clients acts as building blocks while establishing a professional network.

# BENEFITS

## OPTIMIZED PROCESS

AgES ERP software solutions for the manufacturing sector delivers global technology with local customizations with their team of process oriented people. With the enhanced methodologies, we optimize each and every step in providing the best.

## INFORMED DECISIONS

We firmly believe that building up a mutual relationship with our esteemed customers is of prime importance. From day one, AgES offers its customers excellent communication matrix, highly appreciated by them

## SEAMLESS WORK

With a work process as simple as A-B-C, we maintain transparent work flow with our customers, working on proven competencies and concealing nothing from clients.

## INTEGRATED WORKFLOW

With the diversified environment, we provide ERP solutions which integrate several modules in a seamless manner. Our proven expertize manages to provide feature rich, user friendly, plug and play solutions.

## ENHANCED PRODUCTIVITY

We are highly proficient at crafting innovative and feature rich solutions thereby optimizing the process and enhancing the productivity of the customers in the manufacturing domain.

## CONCURRENT AUDIT & APPROVAL

We engage in audits and approval for bringing out enhanced business results. Continuous monitoring and auditing of the processes serves as a core for building solutions.

# MOBILITY

With the advent of new technology our AgES Mobility solutions comes as package along with android application. The integrated android application is very helpful in executing out the day to day activities of the employees. The below mentioned are the provisions currently available in our android applications.

### VIEW PROFILE
Provisions to view the complete profile of employees including the Basic information, Contact details, Qualification, Experience and Family information.

### APPLY & APPROVAL FOR LEAVE / OT / OD / PERMISSION
Supports for all type of approvals such as Leave, Over Time, On Duty and Permission request and helps to reduce the employee's time and effort for approval follow up from their reporting heads.

### VIEW & DOWNLOAD PAY SLIP
All employees can view and download their pay slip on monthly basis. Eliminates the paper work and makes for easy communication between employee and HR department.

### HISTORY AND AVAILABILITY OF APPLICABLE LEAVE
Gives clear information about the leave availability status for every individual. Employee can view their leave history and check the current status of applicable leave.
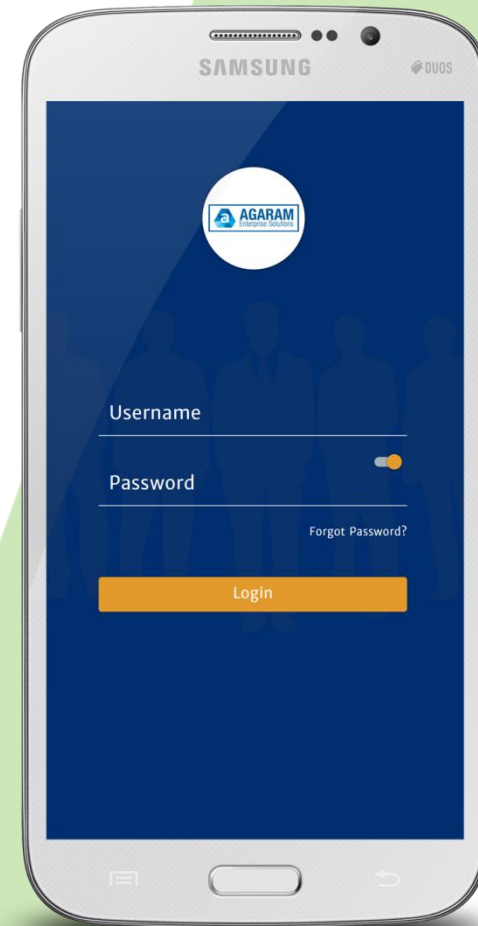

### TASK MANAGEMENT*
Task management supports to allocate daily task details to all the employees from their reporting managers. Gives provision for Task status updating and task reallocation.

### ESCALATION MANAGEMENT*
Provides escalation notification for absenteeism, unapproved permissions and pending tasks to the employees from their reporting managers.
